

Saba Lighting Accessories

Battery Back Up

FEATURES

FEATURES

- Long life recyclable Lithium battery
- Integration of test switch and charge indicator
- Used for ANY exterior or interior luminaire
- Self-test function available.

Saba Lighting emergency drivers are UL Listed for **(factory or field installation)**, unrivaled emergency solutions for LED products with external driver. It allows the same LED luminaire to be used for normal and emergency operation and works in conjunction with an AC LED driver that converts new or existing LED fixtures into emergency lighting. It incorporates a long-life recyclable Lithium battery and is backed by a 5-Year Warranty.

When AC power fails, the emergency LED driver immediately switches to the emergency mode, operating the LEDs at a reduced lumen output for a minimum of 90 minutes. When AC power is restored, the emergency driver automatically returns to the charging mode.

SPECIFICATIONS

| Model No. | BATT-BU(X) | |
|---------------------|--|--|
